Discussed changing the amount paid to the groups as this is taking its toll on the concessions Stand fund. It was also discussed that we pay Netta from the general fund vs concessions- Topic Tabled. (note- popcorn is billed year end Approx. \$800.00)

**Fundraising-** Hog wild went will with a Net Income of \$2,997.58 before the quilt payment. Kristin will save all information to a flash drive to pass on to her replacement. Peg would like to donate a quilt for one of our fundraisers as well as a raffle item.

Canton- Inwood Basketball tournament new date is April 6, 2019  
Concessions to be ran by the Booster Club. Quiz Bowl is unable to work this tournament.

We have approximately 18 Thank You's to send out for donations. It was suggested that we order Thank You cards with the Booster Club logo.

Athletic Programs- SVN is not billing the Booster Club for the programs.  
Discussed getting the programs set for the next group of Booster Club Board members.  
Also discussed doing a "spot light" on sports that don't have a fan base IE. Golf and Crosscountry

Senior posters- Begin work on next round of posters for track as well as past sports (volleyball) that Had their season come to a close before this project was fully up and running.  
This process needs to be cleared up as there is some confusion as to who's project it is. Is this something That the Booster Club wants to take on? State Farm had approached the Booster Club about being a Sponsor of this project. Each sport should be completed at the beginning of the season once uniforms are Assigned. It was also suggested that we have 1 picture taken with all of the sports that the student participates in.
