members to work concessions for past contribution.

Coaches Video Board- tabled

Advertising for Booster Club sponsors- Trevor is working on pricing for programs. It was discussed that We look at 300 for the first game. Due to the potential cost of the programs, we may need to charge for Programs. This may not go over well.

We should start small and list the booster club member and sponsor as an insert in a program At no charge for the first year. We could then look at producing a larger program for double header games to entice larger business sponsorship. We would look at 1 flyer for all sports similar to Boyden Hull. This topic will be pushed out to Fall 2019.

For the remainder of this school year we will be putting Booster Club Sponsors on the back of the athletic programs. We can use the backer board for the program information.

Note- Print the Beresford and Lennox Booster page for review at a future meeting.

Coach Paulsen made a request for 5-8 basketballs, as they are short as well as a basketball rack. Kent is checking into this with the school. Tabled

Canton-Inwood fund has grants that athletes can apply for during the April-May timeframe.

Debbie will be picking up a \$100.00 gift card to Laura's Lattes for Haisch Pharmacy as a Thank You for Selling the Canton C-Hawk attire for the Booster Club.
