Pastabilities Night 2/10/17~recap of whom is in charge of what and getting things squared away.

Concession payment amount (s)~was brought up why the pay difference from last year to this year for double header games. Past minutes showed it was voted to pay double last year to the few dates that weren't able to be filled and then revisit at the end of the year. This was not done, but the pay was reverted back and some concerns were brought to our attention. There was some discussion but no real consensus so subject was tabled to a later date and pay will continue to what's been paid out. 1/27 thru 2/7 there were emails sent from Johnathan to the board about concession pay again. There was a motion made to pay \$500/\$300 which didn't pass in the voting. A second motion to pay \$600/\$300 was then made and passed. All concessions for the remainder of the year will be paid \$600/\$300 and back pay to the groups that have already been paid the less amount was issued. This will need to be revisited again by the board for next school year and beyond.

Meeting adjourned: Erica/Michelle

Next meeting: 2/15/17
